SNAPTRACK® - Mounting Track System

SNAPTRACK® is a non-conductive, rigid extruded PVC channel for mounting assemblies and custom circuit boards. Printed circuit boards snap-in from front and are held securely by integral ribs that absorb shock when PC board is flexed and allows convenient PC board removal for field servicing. Circuit boards between 0.055" - 0.065" thick can be used. SNAPTRACK® easily mounts in panels with rivets, screws or double-faced tape. Style 121-0003 and 121-0010 may also be mounted on a DIN Rail using optional adapter clips. SNAPTRACK® is available in several popular widths. The standard length is 48" which you can easily cut to meet your application.

APPLICATIONS

- Industrial Automation and Process Control
- Wiring Cabinets
- Security Systems
- Automated Test Equipment
- Electrical Applications
- HVAC

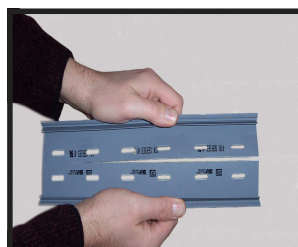

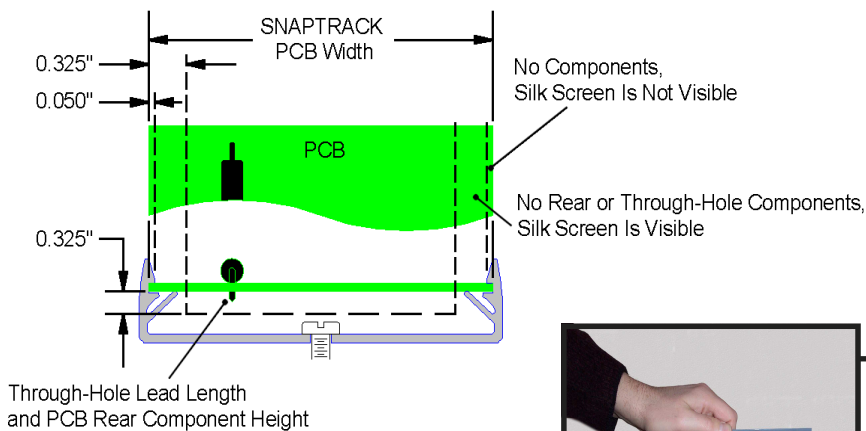

As Shown: 121-0003-48 with optional DIN Rail Adapter Clip 121-0004 and DIN Rail 121-0005-39. Circuit Assembly not included.

FEATURES

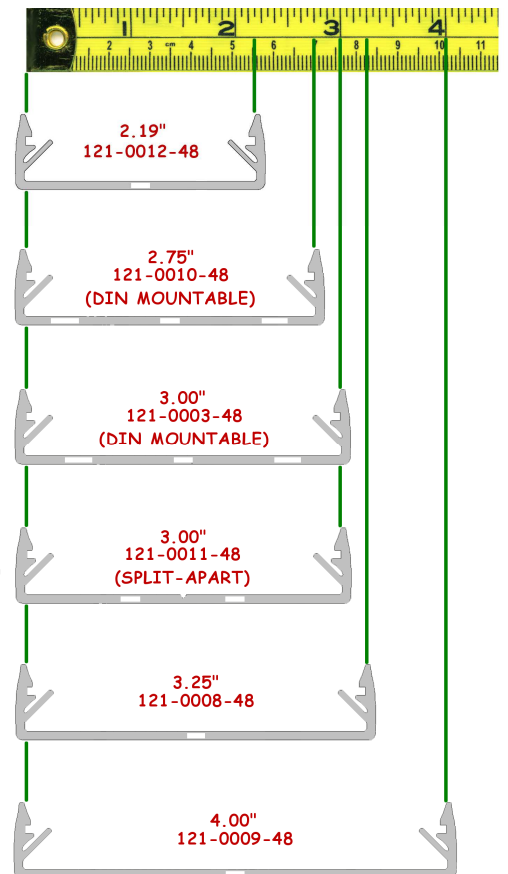

- Convenient and secure mounting of circuit boards and assemblies
- No tools required to insert or remove boards
- Non-conductive PVC material is RoHS compliant
- Available in many popular standard widths

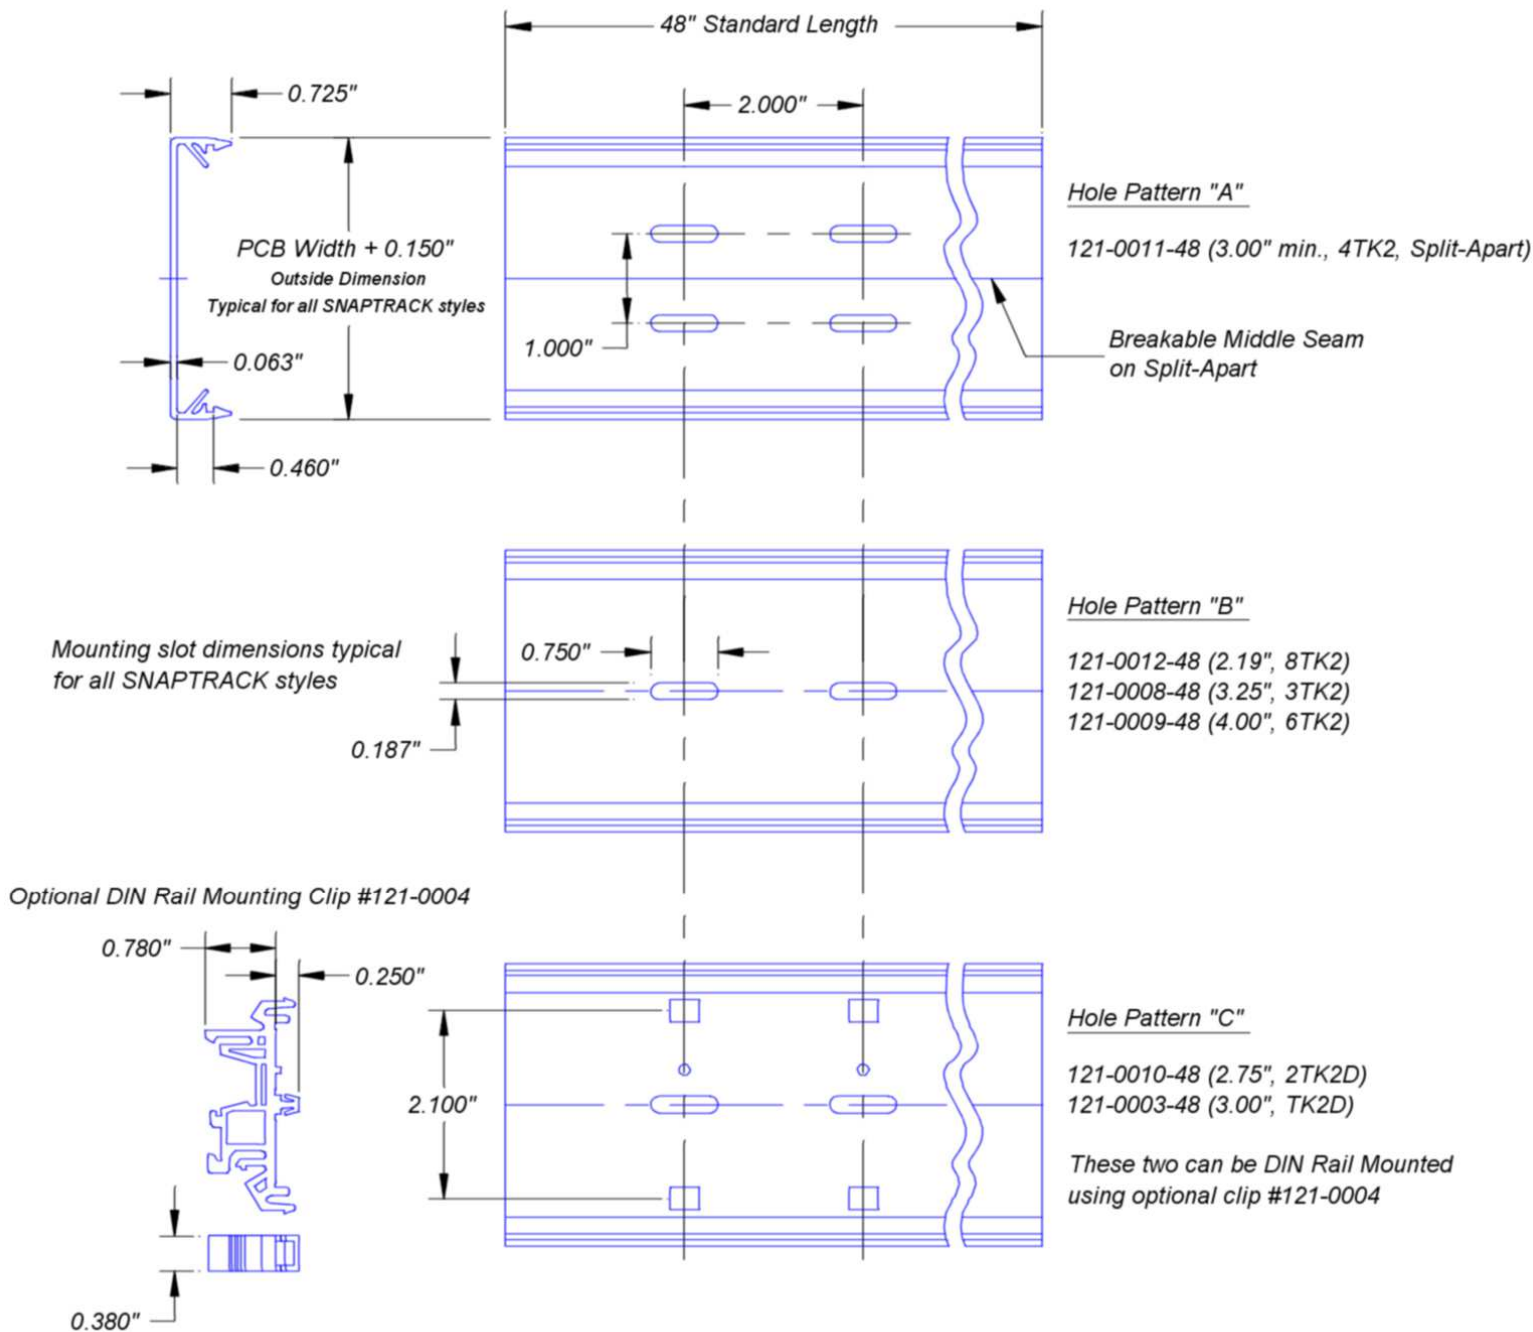

Select the size that matches your Printed Circuit Board Width.

TYPICAL USAGE

The two halves on Style 121-0011 are easily Split-Apart for accommodating wider PCBs.

Specifications:

Description:	Non-Conductive, Extruded PVC Channel for mounting assemblies and printed circuit boards
Flammability:	UL94: V-0
Environmental:	Maximum Service Temperature, Air: 163°F / 73°C
RoHS:	Complies with European Union Directive 2002/95/EC Restriction on Hazardous Substances

Ordering Information:

121-0012-48	SNAPTRACK for 2.19" Circuit Boards (8TK2), Standard 48" Length
121-0010-48	SNAPTRACK for 2.75" Circuit Boards (2TK2D), Standard 48" Length, DIN Mountable with Adapter Clip #121-0004
121-0003-48	SNAPTRACK for 3.00" Circuit Boards (TK2D), Standard 48" Length, DIN Mountable with Adapter Clip #121-0004
121-0008-48	SNAPTRACK for 3.25" Circuit Boards (3TK2), Standard 48" Length
121-0009-48	SNAPTRACK for 4.00" Circuit Boards (6TK2), Standard 48" Length
121-0011-48	SNAPTRACK, Split-Apart (3.00" Min. Width), Standard 48" Length
121-0004	DIN Rail Adapter Clip for use with SNAPTRACK #121-0003-48 or #121-0010-48
121-0005-39	DIN Rail, 35.0 x 7.5mm (EN50022-35), 39" Length
